Record No.: 1

Date of Report: October 12, 2016

### **Examination Results Continued:**

#### **Identifications Continued:**

Subject	# Latent Prints	Description	Identified
Robert Lewis	5 Latent Fingerprints	Developed on the smooth finished top side (exterior) of the toilet tank lid (item #1a)	Right Thumb, Left Thumb (twice) and Left Middle and Left Index Fingers
Robert Lewis	2 Latent Fingerprints	Developed on the rough finished underside (interior) of the toilet tank lid (item #1a)	Left Index Finger (twice)

#### **Inconclusive Conclusions:**

Subject	# Latent Prints	Description	Inconclusive Reason
Lamarr Monson	1 Latent Palm Print	From a submitted latent lift labeled "Toilet Tank Top 1 of 2" (item #3a)	Lack of sufficient quality and quantity of friction ridge detail available in the latent print

The latent palm print was not compared to Robert Lewis as known palm impressions were not available for this subject.

#### **Automated Fingerprint Identification System (AFIS) / Next Generation Identification (NGI):**

The unidentified latent palm print is not of suitable quality for entry into Michigan's AFIS or the FBI's NGI.

#### **Remarks:**

There is one latent palm print of comparison value that remains unidentified on this case.

Michigan's Criminal Justice Information Center (CJIC) reports no known palm impressions on file for Robert Lewis. Additional comparisons to this subject will be made if fully rolled known palm impressions are submitted.

The latent lifts, photographs of the developed latent prints, and known impressions have been placed on file at this laboratory.
